

Freelance Project Confirmation

Date: 29 Sep 2025

To whom it may concern,

This is to confirm that Mr. Vinay Kumar (Email: gvinay0303@gmail.com) performed freelance Identity & Access Management (IAM) consulting services during the period Sep 2023 - Aug 2025.

Services delivered included:

- Okta Workforce Identity tenant setup and administration
- SSO integration (SAML & OIDC) for sample and client applications
- Multi-Factor Authentication (Okta Verify, SMS, Email) rollout
- Access policy definition and testing
- SCIM/Provisioning proof-of-concept and Okta API automation
- Documentation and project handover (project reports and screenshots)

Work was completed as independent consulting engagements via Freelancer platforms and direct contracts. All deliverables (project reports and screenshots) are documented in the public GitHub portfolio: <https://github.com/gvinay0303-glitch/okta-iam-portfolio>

If further verification is required, Mr. Kumar can provide project reports, delivery notes, and live demonstrations from his Okta developer tenant. This confirmation is issued by Mr. Vinay Kumar as the independent consultant.

Sincerely:

Vinay Kumar
